The NWB acknowledges receipt of an application for the Chesterfield Inlet landfarm project, received on May 11, 2012. If you have not already sent the hard copies in the mail please disregard the requirement for any fees as the Government of Nunavut are exempt from payment.

Also, disregard my request for the full mailing address for CGS in Rankin, I noticed it on the letter of authorization for Stantec to act on their behalf. Your application is currently undergoing a preliminary tech review. You will be notified of any deficiencies prior to our 30 day review period.
Regards,
