Hi Arlen,

NIRB have been busy in Mary River Project hearings and my understanding is that it is not done yet. I spoke to Kelli on Tuesday, July 24/12 at NIRB on. Have a good day and week end.

Best regards,

Hi Ryan,

I wanted to check up on the status of the Chesterfield Inlet Fuel Storage Facility Upgrade regarding the Landfarm project proposal. Has NIRB been able to provide review outcomes to the NWB yet? Please do not hesitate to contact me with any information as to the project's review process,

Regards,

Hi Arlen – we'll look into this and see if anything can be done to expedite the process following the hearing. The completion date will be moved up to the extent possible.

Best regards,

Ryan

Hi Ryan,

Thank you for the update on the review process. The contractor had based the schedule for work on the 45 day review period allocated to NIRB for screening. A delay in the review period will delay the construction significantly. We request that NIRB provide a decision by the end of July if at all possible.

If you would like to discuss this in more detail, please do not hesitate to contact me.
