Our office acknowledges receipt, on August 30, 2012 of the above application. There is one document on the CD that I am not able to open (file damaged) and this is the one identified as environscreen_clyderemed_fnl_20120807_app_h1_phaseIIIesa. Could you please provide us with another copy (electronic) that we can open. Once this is received the application will be reviewed for completeness. You will be notified if further information is required, prior to our 30 day review.

As well as the above there is a requirement for GN to provide a letter authorizing Stantec to work on their behalf. There were 2 money orders received with the application. Both will be returned as GN are not required to pay fees. These were submitted by Stantec and will be returned to them.
Regards,
