Hi Eva,

I am looking at DCC's Fox-3 Dewar Lakes Dew Line Site 1BR-FOD0813 licence renewal application for the monitoring of existing and new landfills.
From my understanding new landfills that were constructed during the existing licence term are the Non-Hazardous Waste landfill and Tier II Disposal Facility?

Also it is noticed that the As-built Engineered drawings for those facilities weren't submitted to the Board which was a requirement (Part G, Item 1) of the licence.

Thanks in advance for the clarification,
