Hello All;

I am writing to advise you that I will no longer work on behalf of, or represent Shear Diamonds Ltd. in any capacity. The current circumstances make it impossible for me to provide any meaningful input to the company. If you require any information moving forward, you will have to contact the Shear management team and/or Board of Directors directly.

I remain committed to the north and compliance. If you ever have any questions with regard to environmental risks, or site information and you are not able to receive information, please know that you are always welcome to call me. I will do my best to provide you with an understanding of the conditions on site at the time of closure in early September. I have the deepest respect for all of you and thank you all for your time, involvement, advice and patience over the past two plus years. It is my greatest hope that another opportunity presents itself so that I may continue to work in the jurisdiction which I have come to love with all of you.

Kindest regards,
Allison
