Hello Brian,

The file number, which I included in the subject of my email is incorrect; it should be 1BR-NUN0511. Could please confirm whether or not a conformity decision has been issued for it?

Good morning Sean;

The NWB file number you listed above does not exist either in the NPC data base in any previous review and recent requests for review within a two-three year period.

There is one familiar file number that is close to the number you listed above and that is 1BR-NUN that refers to a renewal request were the project is located in the City of Iqaluit. If this is the file you are referring to, a couple of comments

1) The NPC has no record of any request for a review for both file numbers listed, 1BR NUO5111 and 1BR NUN over the past two years
2) If it is file NWB 1BR NUN you are referring to, confirming that the location of the proposal is outside an approved planning boundary, therefore no NPC determination is required.

Anything further, please do not hesitate.

NOTE *** Sean, Phyllis, if this file was sent to the NPC recently, again I am confirming we have no record of receipt, or is it in our email system. This would be a similar instance to the Vale application 2BE MVP were you mentioned it was sent to the NPC, but we did not have records of the file the day it was sent.

Please confirm that file 1BR NU05111 (1BR NUN?) was sent to the NPC for comment previous and pleas do forward the request that was sent.

Thank You
Brian
