---

Hi Sean,

I wanted to follow up on our conversation of June 28th 2013, where you indicated that you would look into the correspondence from NPC requesting a response from the NWB (and other agencies). I have attached this email correspondence from Christopher Tickner in this email again for the NWB's convenience. Since the original correspondence from the NPC on June 18th, and a subsequent reminder from NPC on June 27th, it would be advantageous to know if the NWB plans on responding to this request and when, given that NPC may require a response of some sort to complete their conformity review. The NIRB is likely in a bit of a holding pattern, in that their 15 day conformity review period is complete, but they will wait until the NPC completes theirs.

The NPC has received correspondence from AANDC, the DFO and QIA regarding the attached.

Please let me know if there is any perspective that I can assist with.

Regards,
Oliver
