Hi Sean,

As per our phone conversation today, TC will conduct additional investigation work during the 2013 summer work season; therefore, no remedial activities will be completed until further notice at the Resolute Bay Landfill. TC has requested that this is a priority project for the 2014 field season and anticipate the project to commence next summer if funding is available. At this point, please delay issuing the license until TC can confirm the remediation project will proceed in 2014.

Thank you,

Mike Molinski

Thank you, Mike.

With respect to the Resolute Bay Landfill Remediation Project, could you please indicate in writing the request to delay issuance of the licence so that we have confirmation for the Board members' information.

Regards,
Sean

Hello Arif,

Further to the below e-mail, do your records indicate what Federal Department owns the lot ?

Regards,

Mike

Hi Folks, attached is an aerial view of the dump site for your records.

Thanks,

Mike Bozzer

Hey Mike,

Check out this PDF. I'm pretty sure that's the dumpsite on there. Our database says the lot is owned by the Feds.

Let me know if you need anything else.
