Subject:	RE: NIRB 13EN001: Notice of Part 4 Screening for Canada Coal Inc."s "Fosheim Peninsula-Coal Exploration Project" project proposal
Date:	Friday, April 26, 2013 7:36:19 AM

Hello,

Fisheries and Oceans (DFO) has reviewed the proposal for exploratory works in support of Canada Coal's Fosheim Peninsula Project; specifically, the 'Exploration Remote Camp Supplementary Questionnaire.'

At this time, there does not appear to be a component of the exploratory works that trigger the *Fisheries Act*, therefore Authorization from DFO is not required for these exploratory works. However, I would like to emphasize Question 28 of the Questionnaire document whereby reference to DFO's *Freshwater Intake End-of-Pipe Fish Screen Guideline* document is provided. Please ensure that those responsible for installing the pumps read the Fish Screen Guideline which can be located at: http://www.dfo-mpo.gc.ca/library/223669.pdf. Velocity, screen mesh size/area and type of intake are all factors to consider.

Should you have any questions, or should the project change, please contact me.

Regards,

Elizabeth Patreau

Subject: NIRB 13EN001: Notice of Part 4 Screening for Canada Coal Inc.'s "Fosheim Peninsula-Coal Exploration Project" project proposal

Dear Susan O'Donnell:

Please see the attached correspondence from the Nunavut Impact Review Board (NIRB) regarding Canada Coal Inc.'s "Fosheim Peninsula-Coal Exploration Project" project proposal.

NIRB File No.:	13EN001
Project Name:	Fosheim Peninsula-Coal Exploration Project
Project Proponent:	Canada Coal Incorporated
Project Type:	Exploration

Location: North Baffin
Comments Requested by: **May 9, 2013**

The NIRB is copying parties potentially affected by this project and we invite interested persons to comment directly to the NIRB regarding:

- Whether the project proposal is likely to arouse significant public concern; and if so, why;
- Whether the project proposal is likely to cause significant adverse eco-systemic and socio-economic effects; and if so, why;
- Whether the project is of a type where the potential adverse effects are highly predictable and mitigable with known technology, (please provide any recommended mitigation measures); and
- Any matter of importance to the Party related to the project proposal.

Please send your comments to the NIRB at info@nirb.ca or via fax to 867-983-2594.

If you have any questions or concerns, feel free to contact Catherine Braun Rodriguez, Technical Advisor directly at 867-983-4607 or crodriguez@nirb.ca .

Best regards,

Natasha Lear
