---

Hi Phyllis,

Baffinland is pleased to submit, herewith, a revised and updated 2012 Spill Contingency Plan (Revision 7) for our Mary River Project. This revision was necessary to address changes to phone number contacts for Baffinland personnel as well as for regulators. In addition, Appendix D was updated for completeness. We kindly request that the Water Board review and approve this version of the Spill Plan at your earliest possible convenience.

Please note that the updated and revised Plan is provided as three e-mail attachments. This e-mail is the first of three.

Kind regards,

Baffinland
