Subject:	RE: NIRB 11YN054: Notice of Indication for Canada - Nunavut Geoscience Office"s "Hall Peninsula Integrated Geoscience Project" project proposal
Date:	Monday, February 20, 2012 1:07:35 PM

Hi Mosha and Jeff

Last week I completed a series of community meetings in Pangnirtung as part of our engagement process for new research on Hall Peninsula. I would like to include/incorporate this feedback into my license and permitting process for Hall Peninsula. Ideally, I would have liked to have provided this feedback to NIRB before my screening was completed. Unfortunately, the timelines did not coincide.

Therefore, as a follow-up to the NIRB notification below, please do not issue any final licenses or permits to me for my proposed work on Hall Peninsula until I have a chance to prepare a summary of my meetings in Pangnirtung. Where appropriate I would like to include points raised in my final permitting.

Please let me know if this is acceptable. I would like to be as respectful to the community as possible.

David

Subject: NIRB 11YN054: Notice of Indication for Canada - Nunavut Geoscience Office's "Hall Peninsula Integrated Geoscience Project" project proposal

Dear Mosha Cote:

Please note that the Nunavut Impact Review Board (NIRB) has completed screening Canada – Nunavut Geoscience Office's "Hall Peninsula Integrated Geoscience Project" project proposal (NIRB 11YN054, AANDC: N2011N031). The Notice of Indication and Screening Decision Report for this file

are attached for your review.

Best regards,

Derek Ehaloak
Environmental Administrator
