Hi Phyllis,

The Inspection completed in 2011 showed that there are numerous issues with this site.
We are in the process of formatting a response on both the Lands and waters fronts.

At this time, pending a formal reply, and a decision on the compliance action to be taken, please do not close this file.

Thank you for your time and attention to this matter.

Andrew Keim

If possible our office would appreciate copies of the inspections done on
this site as we currently have an active application for cancellation of the
licence. Please advise if this is possible.
Regards,

Good morning Phyllis,

There were no inspections done by water resource officers for the above
project. The inspection reports I referred to in the review were completed
by land use inspectors (specifically for this project, Henry Kablalik). You
can speak with Jeff Mercer, Manager or Land Administration, and Andrew Keim,
A/Manager of Field Operations, for access to these reports (Jeff and Andrew
are both cc'ed on this email for your information).

Regards,

Jean

Hi Jean - I've reviewed our central filing system and we have no record of

any inspection reports provided for this site. Is it possible to obtain copies for our file?
Regards,

Good morning Phyllis,

Please find attached a technical review memo for the application for cancellation of water licence 2BE-EDE0608 for the Board's review.

If you should have any questions or comments, please do not hesitate to contact me. However, if it's between January 31 and February 16, please contact Murray Ball for information on this file.

Sincerely,

Jean Allen
