Good day Lara/Philip,
The Nunavut Water Board acknowledges receipt of the above application on July 12, 2012. In order to complete the application an AR Plan is required. Also note that no annual reports have been received since 2007. If no activities occurred on the project site during 2008 to 2011 our office will require confirmation in writing to this effect. As a representative from Rescan, working for Starfield, we will require a letter of authorization from Starfield indicating same. Once this missing information is received we will begin processing the application.
Regards,

Phyllis Beaulieu
