Date: Thursday, September 27, 2012 10:33:29 AM

Thank you Eva,

In March, we had submitted a revised Sewage Treatment Plan to the NWB along with the 2011 Annual Reports. This submitted version is applicable to Care and Maintenance; our current plan is to use the same sewage treatment plant, run at reduced volume and flow. I will, however, revise the Plan to include this temporary seasonal use of the old discharge location as you have indicated below. This will be revised and resubmitted in the next few weeks.

Thanks,
Angela

Hello Angela,

Thank you for the notice. While the procedure seems reasonable and appropriate for the circumstances, the process will have to be detailed in the Care and Maintenance Plan as detailed earlier today: "All large scale waste management systems must be secured and a plan must be submitted for approval for the smaller scale systems to be put in place to address reduced volume."

Please address any questions on this matter to Andrew Keim.

Thank you,

Eva

Hello Eva,

Please find attached a letter notifying you of the seasonal temporary use of the old sewage discharge location at Doris. Should you have any questions regarding this notification, please contact Angela Holzapfel.

Thank you, and have a great vacation,

Lea-Marie
