Stephanie,

Acknowledged.

Please keep this office advised of when a more regular flight schedule is implemented.

Andrew,

As per Part K Item 7 of the Jericho water licence 2AM-JER0410, I am hereby advising that due to logistical circumstances (flight schedule), Shear Diamonds Ltd. is only sampling effluent from the WWTP on a bi-weekly basis at this time. Sampling weekly and having our samples sit in limbo waiting for the bi-weekly flight is impracticable.

We will return to the regular weekly sampling program once we return to a weekly flight schedule. In the meantime, should we have a flight come to site on an off week, we will make every effort to collect the appropriate effluent samples from the WWTP and have them sent to the lab in Yellowknife.

I trust this is satisfactory. If you have any questions or concerns, please do not hesitate to contact me.

Thank you.

Stephanie Autut
