Sean, sorry for the delay in getting this to you. I've assessed the file and can provide the following:

Spill Contingency Plan – received on March 21, 2010 – this requires board approval

Fuel Management Plan – received June 29, 2009 – review licence to determine if it needs approval or not.

Interim AR Plan – received June 29, 2009 – this requires board approval

Care and Maintenance Plan – received March 31, 2010 – this requires board approval

Thanks

Hi Phyllis:

I'm currently off site so I don't have access to all our files. The Water Licence number is 2AM-LUP0914 (if that would help).

Sorry for being such a bother just before Christmas, (I am following up on a querie from AANDC as to what the status of the approval of these plans is).

Cheers,

Dave.

Hi Phyllis:

Would you be able to give me an update as to when the following Plans submitted will likely receive approval:

Spill Contingency Plan
Fuel Management Plan
Interim Abandonment and Restoration Plan
Care and Maintenance Plan

Thanks, and Merry Christmas,

Dave.
