Subject: RE: Public Hearings on Nunavut Water Regulations

Dear Catherine:

Further to our telephone conversation today, I can confirm on behalf of NTI that NTI's intentions regarding participation in the Board's upcoming public hearings on Draft Nunavut Water Regulations remain as stated in NTI's May 26 letter to the Board. In particular, NTI's consultation with the Crown under s. 2.6.1 of the NLCA is ongoing. Accordingly, NTI will not be taking an active part in the hearings but plans to have staff representatives in attendance at the Cambridge Bay session.

NTI wishes the Board the best in this process and shares the Board's hope for productive and well attended hearing sessions.
