---

HI Phyllis,

The activities described in this application should be covered by DFO's operational statement for exploration activities as well as under the ice bridges and snowfill crossings operational statement (attached).. As mentioned in the application package, all water intakes should be appropriately screened according to DFO's screening guidelines.

Please let me know if there are any questions

Notice to all Parties:
Please see attached letters and notices for the above application, which requires review and comments. All documents received are on the ftp site at the following link (username *public* and password *registry*.)

ftp://nunavutwaterboard.org/1%20PRUC/2%20MINING%20MILLING/2B/2BE%20-%20Exploration/2BE-MLL----%20Sabina/1%20APPLICATION/

Note that the deadline for comments is March 3, 2012. Those organizations with a public bulletin board, as well as those identified on the attached letter to Local Organizations, are respectfully requested to print off and post the attached notices for a period of 30 days, on our behalf. Note also that an NPC Conformity is NOT required and NIRB are in the process of screening this project.

Regards,

Phyllis Beaulieu
