Hi Phyllis,

Please see the email below for written confirmation that a land use plan conformity review is not required by the Nunavut Planning Commission for the City's water license renewal application.

Sincerely,

Meagan Leach

Good afternoon Meagan,

Thank you for your email.

Based on the coordinates below and the information contained in the attached Executive Summary, the proposed project falls outside the boundaries of the two approved land use plans currently administered by the NPC. As such, no further review is required by the NPC at this time.

Please accept this as written confirmation that an NPC conformity review is not required for the proposed project at this time.

Please contact me should you have any questions.

Sincerely,

Christopher

Hi Christopher,

Here are the coordinates for the facilities:

West 40 Landfill:	Latitude: (63° 43' 58.15" N)	Longitude: (68° 32' 08.54" W)
Water Treatment Plant:	Latitude: (63° 45' 12.24" N)	Longitude: (68° 30' 22.79" W)
Wastewater Treatment Plant:	Latitude: (63° 44' 45.15" N)	Longitude: (68° 32' 19.80" W)

I have a map, but it is too big to attach. If these coordinates are not sufficient, please let me know and I will get a smaller map to send you.

Thanks,
Meagan
