Hello Meagan,

Thank you for your letter requesting an extension to the deadline for the submission of required information to the NIRB.

The NIRB awaits your submissions of the Plans on August 30, 2013 and the NIRB Part 2 form on September 20, 2013.

Please note that in the event the NIRB is triggered by the NWB to start a screening of the proposal prior to the receipt of all information from the City, the standard 45-day timeline for a decision may need to be extended and screening will commence when all information is received.

If you have any questions, please contact me.

Best regards,
