Hi David and Phyllis,

In our current Water License it states in Part B General Conditions 3a "Complete water balance for Lake Geraldine prepared by an engineer".

Can you review the Terms of Reference for the Water Balance Request for Proposal that I have attached and let us know if you require any additional information that we have not requested for in the Terms of Reference. We are reviewing proposals now and we would like to know if there is additional information that you require before we award a firm with this project.

Thank you,

Paul Clow
