Hello,

Fisheries and Oceans (DFO) has reviewed Agnico-Eagle's application for water license renewal pertaining to exploration activities north of Meadowbank Mine. The renewal itself does not require Authorization from DFO, though DFO does advise that where water is being withdrawn from any water body containing fish, that appropriate screening is in place as per Fisheries and Oceans Freshwater Intake Guideline: http://www.dfo-mpo.gc.ca/library/223669.pdf and;

Where water is returned to a fish bearing waterbody, that the water quality of the returned water is equal to or better than the natural/receiving waterbody.

Should you have any questions, please feel free to contact me.
