(Section 1 and paragraph 12(1)(b))

CLASSIFICATION OF UNDERTAKINGS

| Column 1 | | Column 2 |
|----------|--------------------------|--|
| Item | Type of Undertaking | Description of Undertaking |
| 1. | Industrial undertaking | Manufacturing processes, hydrostatic testing, quarrying and gravel washing, petroleum and gas exploration, the production, processing, refining or storage of petroleum, petroleum products or gas, cooling systems, food processing, tanneries, the smelting or refining of minerals, metal finishing, the restoration of the site of an industrial undertaking and any other industrial activity |
| 2. | Mining undertaking | Exploration or prospecting — including bulk sampling — for minerals other than petroleum or gas, the operation of a mine, the processing of minerals other than petroleum or gas, the restoration of the site of a mine and any other mining activity other than an industrial activity described in item 1, column 2 |
| 3. | Municipal undertaking | A waste disposal or water system for a municipality |
| 4. | Power undertaking | Authorized hydro, geothermal or nuclear electrical generation of |
| | (a) Class 0 | 150 kW or less per day |
| | (b) Class 1 | More than 150 kW per day but less than 5 000 kW per day |
| | (c) Class 2 | 5 000 kW or more per day but less than 10 000 kW per day |
| | (d) Class 3 | 10 000 kW or more per day but less than 20 000 kW per day |
| | (e) Class 4 | 20 000 kW or more per day but less than 50 000 kW per day |
| | (f) Class 5 | 50 000 kW or more per day but less than 100 000 kW per day |
| | (g) Class 6 | 100 000 kW or more per day |
| 5. | Agricultural undertaking | Nourishing crops or providing water for livestock |
| 6. | Conservation undertaking | Works for the preservation, protection or improvement of the natural environment |

SCHEDULE 2

(Paragraph 4(1)(a), subparagraph 7(1)(a)(i) and paragraph 7(1)(b))

LICENSING CRITERIA FOR USE OF WATERS

| Item | Column 1 Type of Undertaking | Column 2 Type of Water Use | Column 3 Water Use Authorized Without Licence | Column 4 Water Use Requiring Type B Licence | Column 5 Water Use Requiring Type A Licence |
|------|--|---|---|---|--|
| 1. | Power undertaking | Use of waters for authorized hydro, geothermal or nuclear electrical generation | None | Class 0 | Classes 1 to 6 |
| 2. | Any undertaking other than a power undertaking | <p>(1) Any use of water related to the construction of watercourse crossings</p> <p>(2) Any use of waters related to watercourse training</p> | <p>Any use of waters related to the construction of a structure across a watercourse that is less than 5 m wide at the ordinary high water mark at the point of construction</p> <p>(a) any use of waters related to the training of an intermittent watercourse</p> <p>(b) any use of water related to the training of a watercourse that is less than 5 meters wide at the ordinary high water mark at the point of training</p> <p>(c) any use of water related to the training of a watercourse that involves the infilling of the watercourse, if the watercourse has no inflow or outflow and a surface area of less than 0.5 hectares</p> <p>(d) any use of water related to the training of a watercourse that involves removal or placement of less than 100 m³ of material</p> | <p>Any use of waters related to the construction of a structure across a watercourse that is 5 m or more wide at the ordinary high water mark at the point of construction</p> <p>Any use of waters related to any other watercourse training</p> | <p>None</p> <p>none</p> |

| Item | Column 1 Type of Undertaking | Column 2 Type of Water Use | Column 3 Water Use Authorized Without Licence | Column 4 Water Use Requiring Type B Licence | Column 5 Water Use Requiring Type A Licence |
|------|---------------------------------|--|---|--|--|
| | | (3) Any use of waters related to the alteration of flow of waters, or storage of waters, by means of dams or dikes | (a) any use of waters related to the construction of a temporary structure in a watercourse for the purpose of flood control (b) any use of water related to the storage of less than 2 500 m ³ | (a) any use of waters related to the storage of 2 500 m ³ or more but less than 60 000 m ³ b) any use of waters related to a temporary alteration of the flow of waters (c) any use of waters related to the construction of a permanent structure in a watercourse for the purpose of flood control | (a) any use of waters related to the storage of 60 000 m ³ or more (b) any use of waters related to a permanent alteration of the flow of waters |
| | | 4) Any other use of waters | Use of less than 50 m ³ per day | Use of 50 m ³ or more but less than 300 m ³ per day | Use of 300 m ³ or more per day |

SCHEDULE 3

(Paragraph 5(1)(a), subparagraph 8(1)(a)(i) and paragraph 8(1)(b))

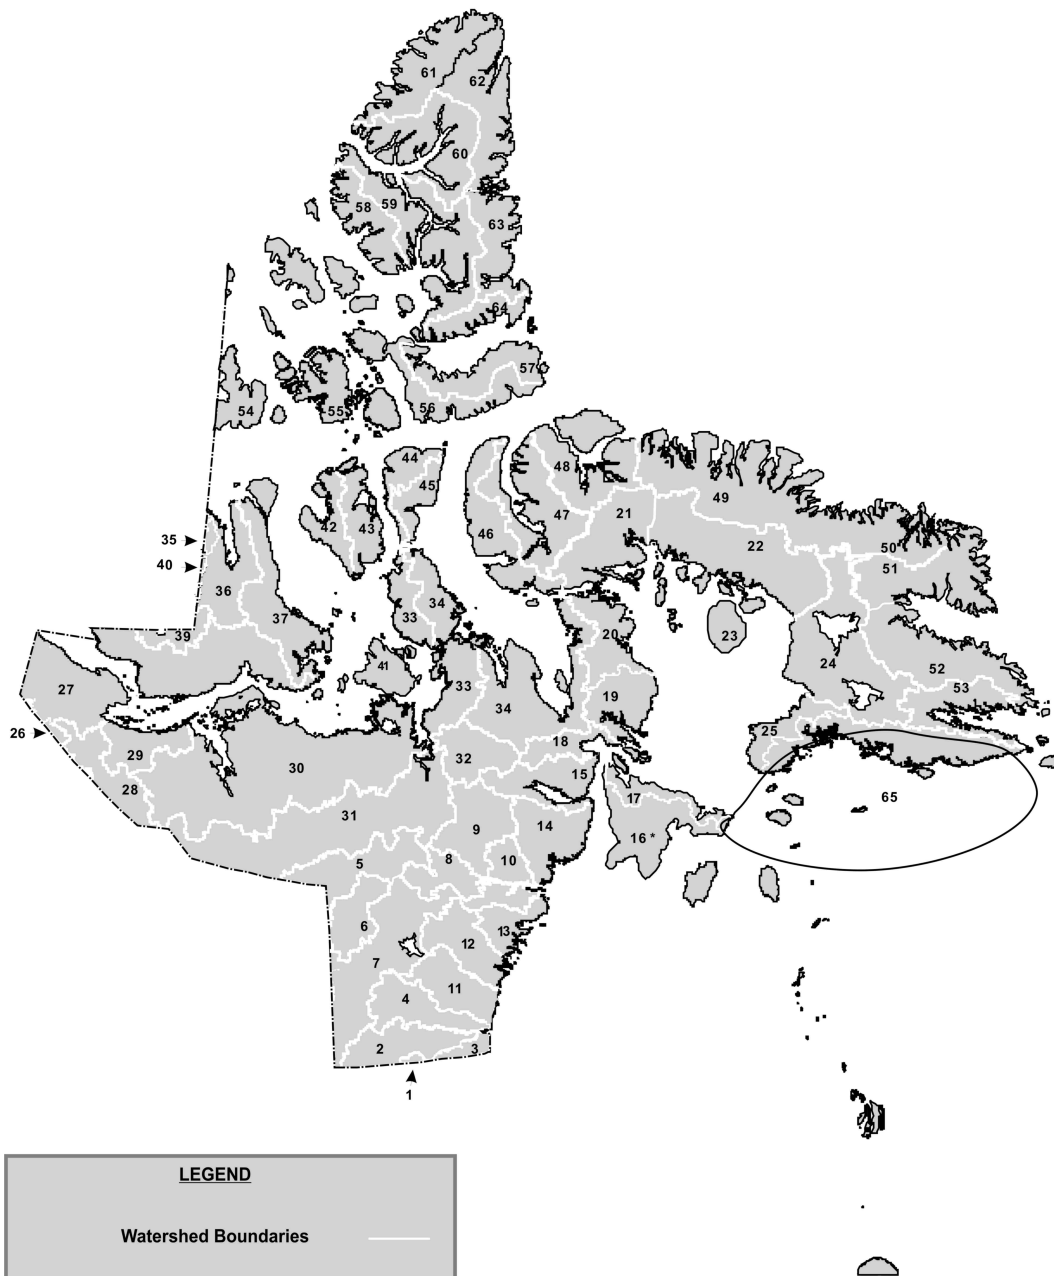

LICENSING CRITERIA FOR DEPOSIT OF WASTE

| Item | Column 1 Type of Undertaking | Column 2 Activity | Column 3 Deposit of Waste Authorized Without Licence | Column 4 Deposit of Waste Requiring Type B Licence | Column 5 Deposit of Waste requiring Type A Licence |
|------|---------------------------------|--|---|---|---|
| 1. | Industrial undertaking | (a) petroleum or gas exploration | None | Deposit of drill waste to a sump or by injection, authorized under paragraph 5(1)(b) of the <i>Canada Oil and Gas Operations Act</i> , into an underground formation or reservoir | Any other deposit of drill waste |
| | | (b) production, processing or refining of petroleum, petroleum products or gas | None | None | All deposits of waste |
| | | (c) storage of petroleum, petroleum products or gas | Any deposit of waste to a sump | Any other deposit of waste | None |
| | | (d) hydrostatic testing or cleaning of storage tanks or pipelines | Any deposit of waste resulting from hydrostatic testing or cleaning of unused storage tanks or pipelines | Any deposit of waste resulting from hydrostatic testing or cleaning of used storage tanks or pipelines | None |
| | | (e) quarrying and gravel washing | Any deposit of waste that is not made to surface water and that results from quarrying or gravel washing above the ordinary high water mark | Any deposit of waste resulting from quarrying or gravel washing below the ordinary high water mark | None |
| | | (f) any other industrial activity | None | Any deposit of waste | None |
| 2. | Mining undertaking | (a) exploratory work | Any deposit of sewage to a sump | Any other deposit of waste | None |
| | | (b) any other mining activity | None | Any deposit of waste resulting from any other mining activity, including bulk sampling, that uses less than 300 m ³ of water per day | Any deposit of waste resulting from any other mining activity, including bulk sampling, that uses 300 m ³ or more of water per day |
| 3. | Municipal undertaking | Any activity | None | Any deposit of waste if the water system for the municipality uses less than 300 m ³ of water per day | Any deposit of waste if the water system for the municipality uses 300 m ³ or more of water per day |

| Item | Column 1 Type of Undertaking | Column 2 Activity | Column 3 Deposit of Waste Authorized Without Licence | Column 4 Deposit of Waste Requiring Type B Licence | Column 5 Deposit of Waste requiring Type A Licence |
|------|---------------------------------|----------------------|---|--|---|
| 4. | Power undertaking | Any activity | Any deposit of sewage to a sump | Any other deposit of waste | None |
| 5. | Agricultural undertaking | Any activity | Any deposit of sewage to a sump | Any other deposit of waste | None |
| 6. | Conservation undertaking | Any activity | Any deposit of sewage to a sump | Any other deposit of waste | None |
| 7. | Recreation undertaking | Any activity | Any deposit of sewage to a sump | Any other deposit of waste | None |
| 8. | Other undertaking | Any activity | Any deposit of sewage to a sump | Any other deposit of waste | None |

SCHEDULE 4
(Subsection 17(1))

WATER MANAGEMENT AREAS

- | | |
