Hello Phyllis,
I noticed a water source name error on our 2012 AANDC Water Use Inspection Report Form as well as in our 2013 Water Licence Application form.
Please note that the name of our Nutaaq Camp (formerly known as New Yat Camp) water source on our latest inspection form is cited as New Yat Lake, with a note to amend it to Angilak Lake. In our 2013 Water Licence Application, the water source for camp is also referred to as New Yat Lake. This information is incorrect. Please note that the Nutaaq Camp water source name should be Nutaaq Lake (not New Yat Lake or Angilak Lake).

I apologize for this oversight and any confusion it may have caused.
Please do not hesitate to contact me should you or Sean Joseph require any further clarification.

Thank you,
Maria Egerton

Subject: Status 2BE-ANG0813 Renewal

Good day Maria – I received a cut off voice message from you but gathered enough to understand you're asking for the status on your application for renewal. Sean Joseph is the tech advisor on this file and he is currently working on the Mary River Project which is entering into the Tech Meeting/Pre-Hearing Conference phase. He will not be available to finalize this licence until after his return to his office at the end of next week.
Regards,

Phyllis Beaulieu
