Hello Phyllis,

There is currently no information that can be submitted, as this site has not been inspected. The CWL and SLA licences for which Golden Bull Resources has requested cancellation are both to be inspected this summer as per Field Operations policy. I will be visiting them on 18 July and 9 August, respectively. I will provide a report as soon as is feasible following the inspections.

Regards,

Eva

Good day, the NWB would appreciate receiving, from the Inspection Division of AANDC, authorization to cancel the above licence, as per the attached Application for Cancellation, received on April 17, 2012. Please provide information as soon as possible in order for the Licensing department to prepare this file for NWB Board Members review.

Regards,

Phyllis Beaulieuanager of Licensing
