---

Dear Ms Beaulieu,

My name is Trevor Boyd, a geologist completing a due diligence study on the Ferguson Lake Project on behalf of a private business called Lee Li Holdings Ltd. which is considering the purchase of the asset. I copy Raymond Irwin and Philip Martin of Starfield Resources on this email.

I am confirming the status of permiting with respect to Starfield's operations at Ferguson Lake.

As I understand:

While all documentation has been submitted to the Nunavut Water Board for renewal of the water use license by Starfield Resources; the process has been suspended due to the present status of the company.

If this purchase is executed, could you please indicate the process for continuing the consideration of the submitted application for the Ferguson Lake Project under the name of the new owners?

If you have any questions, please feel free to call me at my cell at 416 919 9017 or you can respond by email.

Best regards

Trevor Boyd, P.Geo.
