Good day Elizabeth, this acknowledges receipt on January 20, 2013 of an amendment for the George Lake Project. Sean Joseph is the technical advisor assigned to the file and once a preliminary review is completed we will move forward with the application. Outstanding is the Inuktitut summary which you've indicated is forthcoming. Also you identified that financial information was attached to the amendment. I did not receive that info but added it to the application from documents received previously.

Regards,
