Hi Melissa:

I will complete the 2009 Annual Report and get it back to you shortly.

Can you please advise as to the "administrative component to the Kirwan camp site compliance plan".

Thanks,

Walter

Hi Walter,

The compliance plan is acceptable provided you include the note below; please ensure we are notified once your dates are confirmed (and cc Baba Pedersen and Tracey McCaie for AANDC Lands).

Please add the administrative component to the Kirwan camp site compliance plan: the clean-up in 2009 is to be documented in the annual reporting short-form (attached), referencing the documentation that was submitted as an amendment to the 2008 Annual Report.

best regards,
Melissa

Hi Walter,
I have received your fax -thank you. Aug 31st is agreeable as a tentative date; thank you for your attention to this matter. I will provide you with more feedback later this week.

best regards,
Melissa

Hi Melissa:
I have used your Compliance Action Plan template for the three sites, Kirwan, Hope, and Esker strip, and filled them out. I will fax these over to you on Monday. Have a look at these and if you want me to provide more details I can do that. I think though the bottom line is that Canterra acknowledges that the sites must be cleaned up and it will be done. Only thing that I cannot be definite on is the timing of the cleanup. I have simply indicated August 31, 2012 as a tentative date because the clean-up is a function of many things including weather, crew and aircraft availability, etc. We will contract Discovery for the clean-up since they are already familiar with the project.
I am away from my office until Friday April 13. I think that I will not internet access through the week.
Have a good weekend,
Walter

Hi Walter,

We've been working on some forms recently which may assist you. If you prefer an example/template then by all means use it; I'm not concerned with the format of your Plan as long as all the info is there.

Melissa
