Dear Ms. Beaulieu,

Re: Licence No. 1AR-NAN0914: Amendment-Renewal Application

The water licence for the reclamation and monitoring of the former Nanisivik Mine site, Licence 1AR-NAN0914, expired March 31, 2014. CanZinco Ltd. wishes to make preparations should the amendment-renewal of the licence not be received in time to commence activities on-site in June 2014. An amendment to the term of the existing licence to September 31, 2014 is respectfully requested to allow CanZinco to carry out the normal functions under the existing licence.

Sincerely,

A handwritten signature in black ink, appearing to read "Johan Skoglund".
