Hi Phyllis,

Can you include this information in Central and FTP for the 2BE-HIG file, and also the IZOK file and 2AMHIG.

Thanks,

Certainly Erik.
The title MMG stands for Minerals and Metals Group, which is a subsidiary of MinMetals Resources, an international company based in Melbourne Australia and with many subsidiary companies throughout the globe. There are four operating entities in Canada that are related in the following manner:

MMG Canada Management Inc.

MMG Canada Operations Inc.

MMG Canada Exploration Inc.
(Exploration unrelated to Slave)

MMG Resources Inc.
(Izok Corridor – Slave Exploration)

The entity that operates exploration in the Canadian north and which holds title to the mineral tenures in the Slave province is **MMG Resources Inc.** Both our Izok and High Lake projects are operated under this company.
The permitting for our operations should be under this name, as you have seen on our existing and previous permits. These projects are in advanced exploration and feasibility studies. Permitting process for the intended development of this Izok Corridor Project is underway under the supervision of Charlotte Mougeot and Scott Trussler who are full time MMG employees based out of the Vancouver office.

MMG Canada Exploration Inc. is another entity, and is responsible for ongoing exploration work

outside of the Slave province and unrelated to the Izok corridor. We are actively exploring in SE British Columbia and NW Ontario.

I hope this clears things up.

Please don't hesitate to get in touch if there is still some confusion regarding this or any other issues associated with the High Lake water permit application.

Regards,

TED MURARO – OPERATIONS MANAGER CANADA

Importance: High

Hi Ted,

I require a little further clarification,

Your letter heads and your application all state Minerals and Metal Group Canada, but you want the license MMG Resources Inc. Could you please clarify the relationship between the two companies?

Click here to report this email as spam.

Sorry Erik,
I thought I had responded to this question the other day but I did so over my Iphone and maybe you didn't get the message. Please use the same company name as is on the present license....MMG Resources Inc.
Thanks,
Ted

Can you confirm that you would like the company name to appear as Minerals and Metals Group

Canada, the previous license was had MMG Resources

-

Thanks,
