Dear Ms. Beaulieu, Mr. Howell, Ms. Payette,

**Re: [NWB 1AR NAN0208 Nanisivik Project – Canzico Limited – Site  
Reclamation, Nanisivik Mine, Nanisivik, North Baffin, Nunavut**

The NPC has completed its review of the above noted project proposal. It conforms to the North Baffin Regional Land Use Plan (NBRLUP), subject to the attached.

By this letter and additional enclosures, the NPC is forwarding the project proposal with this determination to NIRB for screening.

The applicant has undertaken to comply with the attached requirements. The authorizing agencies to which this letter is addressed are responsible under the *Nunavut Land Claims Agreement* to implement any of the attached requirements by incorporating the requirements directly, or otherwise ensuring that they must be met, in the terms and conditions of any authorizations issued.

My office would be pleased to discuss with these agencies how best to implement these requirements and to review any draft authorizations that the agencies wish to provide for that purpose.

And, this conformity determination applies only to the above noted applications as submitted. Therefore, the proponent must ensure other applications for a permit under this project proposal not listed above are forwarded to NPC for a conformity

determination against the NBRLUP, and notify the NPC immediately if any material to the project proposal is changed before authorizations are issued.

Yours truly,

Good afternoon Ms. Beaulieu,

**Re: 140502 1AR-NAN0914 Notice of Application and Commencement of Technical Review**

Thank you for your email.

The Nunavut Planning Commission (NPC) has reviewed the materials on the NWB ftp site related to the above noted amendment request and has determined that the proposed amendments do not change the scope of the originally reviewed project to an extent that would warrant a further review by the NPC at this time.

I have attached the terms agreed to as part of the applicable conformity determination which must form part of any authorisation, permit and/or licence issued for this project proposal.

Please ensure that any change in the scope of the project is forwarded to our office for further review.

I have copied the Nunavut Impact Review Board with this email for their information.

Please contact me should you have any questions.

Sincerely,
