Date: Monday, March 12, 2012 12:05:57 PM

Dear Phyllis,

The NIRB received Cameco's application from the Kivalliq Inuit Association on January 12, 2012 requesting that the NIRB screen the amendment for this file (NIRB File 08EN015). As the project is located in an area with an approved land use plan (Keewatin Regional Land Use Plan), the NIRB is waiting for a conformity determination from the Nunavut Planning Commission prior to commence screening of this file. Once the NIRB received a positive conformity determination, the NIRB will then screen the amendment proposal as per Section 12.4 of the NLCA. At the conclusion of the NIRB's screening, the Board will make recommendations to KivIA, AANDC and NWB. Therefore, the NIRB request that no approvals associated with this proposal be issued prior to the authorizing agencies receive the Board's report, pursuant to NLCA Section 12.10.1.

If you have any questions or require clarification, please contact me directly at (867) 793-4633.

Best regards,

Sophia Granchinho, MSc., EP
