Subject: Nanisivik Reports – Request for Extension

Dear Mr. Carreau:

The Nunavut Water Board (“NWB”) has received a request from DIAND to extend the deadline to submit written representations to May 20, 2005 for the 2004 Geotechnical Inspection, the Instrument Installation and Contingency Plan, the 3rd Quarter Report on Reclamation, the 2004 Annual Report and the Reclamation of K-Baseline Area. Further to this DIAND requests to extend the deadline for written representations to June 24, 2005 for the Mine Stability and the Mine Openings Closure Plan. Before considering this request the NWB would like to know from Breakwater whether the proposed extensions would cause operational difficulties to perform reclamation activities during the upcoming season. Please respond as soon as possible in order for our office to notify parties of any change to submission deadlines. Thank you.

Sincerely,
