Hello,

DFO has reviewed your application for water use and waste disposal associated with light camping activities. Apologies for the delay in reply due to shortstaffing situations at present. DFO's Operational Statement for Mineral Exploration Activities may help provide some useful mitigation measures:http://www.dfo-mpo.gc.ca/regions/central/habitat/os-eo/provinces-territories-territoires/nu/os-eo24-eng.htm

Also, DFO's Freshwater End of Pipe Intake Guidance should be applied to such projects: http://www.dfo-mpo.gc.ca/regions/central/habitat/os-eo/provinces-territories-territoires/nu/os-eo24-eng.htm

No formal approval is required from DFO for this application, however, please ensure you read the above mentioned links and contact me should you have any questions.
