Hi Sean,

We confirm that we will be submitting the reports listed below to the NWB in the next two to three weeks (please note that the Solid and Hazardous Waste Management Plan is the Waste Management Plan, our plans are one in the same and not two separate plans as per your list below), with the exception of the QA/QC plan which we will submit within the next 60 days.

Subject: Management Plans

Hello Karen:

As a follow-up to our conversation today, please provide confirmation that Bonito Capital Corp. will be submitting updated versions of the following plans within the next two to three weeks:

1. Spill Contingency Plan;
2. Waste Management Plan;
3. Care and Maintenance Plan;
4. Interim Abandonment and Restoration Plan;
5. QA/QC plan;
6. Solid and Hazardous Waste Management Plan; and
7. Sewage Treatment Plant Operations & Maintenance Plan.

Should you have any questions, please do contact me at your earliest convenience.

Regards,

Sean Joseph
