Good afternoon,

Thank you for your recent inquiry. Please find attached the report entitled "Nanisivik Mine Reclamation Project Completion Report". This report should be a good initial start to help you in locating information with respect to the closure activities at the Nanisivik Mine.

The Nanisivik file is located on the NWB's ftp under "Industrial/remediation", as opposed to mining. It was classified as such with the previous NWT water regulations moving to closure, which might have been confusing from the beginning. Most of the reporting requirements can be found within the Annual reporting, a folder on the FTP site under Technical/General/Annual Reports. It can be a bit of a jungle trying to navigate through and without the ability to 'search' the site, difficult to find at times.

[ftp://ftp.nwb-oen.ca/1%20PRUC%20PUBLIC%20REGISTRY/1%20INDUSTRIAL/1A/1AR%20-%20Remediation/1AR-NAN1419/3%20TECH/1%20GENERAL%20\(B\)/2%20ANNUAL%20RPT/](ftp://ftp.nwb-oen.ca/1%20PRUC%20PUBLIC%20REGISTRY/1%20INDUSTRIAL/1A/1AR%20-%20Remediation/1AR-NAN1419/3%20TECH/1%20GENERAL%20(B)/2%20ANNUAL%20RPT/)

The document attached however, was included with the application information for the renewal of the licence in 2009 and as such found its way into the 'Hearing' folder on our ftp site, for the application.

<ftp://ftp.nwb-oen.ca/1%20PRUC%20PUBLIC%20REGISTRY/1%20INDUSTRIAL/1A/1AR%20-%20Remediation/1AR-NAN1419/2%20ADMIN/4%20HEARINGS/2%20HEARING/2008%20Hearing/>

The 2008 hearing folder contains considerable information on the closure activities, monitoring and proposed programs to follow closure etc.

Regards,
David Hohnstein
