Mr. Beauchamp,

Thank you for the attached report. I apologize for the delay in responding, I was out of the office.

Water license, 3BC- AMD1212 has expired. However the terms and conditions continue to exist until the license can be closed by the Nunavut Water Board. Can you confirm that Western has no intention of returning to the site or conducing further field work and reactivating this license?

If so, I will require the completion of the attached form and submission of it to the Nunavut Water Board at your earliest so to facilitate a final inspection and closure of the authorization.

I appreciate your time and attention to this matter.

Sincerely,

Andrew Keim

Dr. Osinski,

The Water license issued to you on behalf of the University of Western Ontario has now expired. Please be aware that as required by Part B: General Conditions of the issued authorization, an annual report for each year of activity is required to be filed with the Nunavut Water Board by March 31st 2013.
As of today the term of the license has expired, be aware that until such time as the Licensee's administrative requirements are all met the licensee remains responsible for all conditions associated with the license until closed by the Inspector and the Nunavut Water Board.
If you have any questions or concerns please do not hesitate to contact our offices at your earliest convenience.
Thank you for your time and attention to this matter.
