Acknowledged as received. Richard has not been an employee here since July 2011 and that's probably why your report was not received. Your application for cancellation will be processed as soon as administratively possible.
Regards,

Dear Ms. Beaulieu,

I am attaching an application for cancellation of our water license. We have completed work at the site and will not be returning. I apologize for the delay in submitting this request. I will put a hard copy in the mail along with the fee, but it will take a few days to get the check issues (alternatively, I could send you a credit card number.) Do you wan the check in Canadian funds, or is US funds OK?

Also, Andrew Keim tells me that the report I emailed to Richard Dwyer in March, 2012 was apparently never received. I am reattaching it here.

Regards,

Genevieve LeMoine
