Dear Phyllis,
I am writing to inform you of a change in Principal Investigator for the CASP's Canadian Arctic research. The relevant license numbers are as follows NRI 02 005 12R-M and NWB 3BC-PRO0914.
Project Title: Provenance of clastic sediments in the Sverdrup Basin, Canadian Arctic Islands

Peter Hülse , who is copied into this message, will be replacing me as Project Leader and PI.

I would like to take this opportunity to thank you for all your assistance, help and support over the last few years. I hope that Peter can continue this relationship in the future.

Could you please add Peter's email address to you circulation list?

Best wishes,
Helen
