Good afternoon Ms. Beaulieu,

Re: 140502 1AR-NAN0914 Notice of Application and Commencement of Technical Review

Thank you for your email.

The Nunavut Planning Commission (NPC) has reviewed the materials on the NWB ftp site related to the above noted amendment request and has determined that the proposed amendments do not change the scope of the originally reviewed project to an extent that would warrant a further review by the NPC at this time.

I have attached the terms agreed to as part of the applicable conformity determination which must form part of any authorisation, permit and/or licence issued for this project proposal.

Please ensure that any change in the scope of the project is forwarded to our office for further review.

I have copied the Nunavut Impact Review Board with this email for their information.

Please contact me should you have any questions.

Sincerely,

Christopher Tickner MCIP, RPP
