Good afternoon, Andrew,

C&GS would like to do a final decant of the hamlet's sewage lagoon for the season sometime this week, WED or Thurs. We will send out samples as required as we did the last time, I know it's short notice, but they say it needs to be done as levels are getting to the high point. I can let you know the date as soon as I know if you want.
I'll send you test results as required as soon as I get them.

Thanks

Wayne Weese

Director of Municipal Works
Cambridge Bay. N.U.
