Hello Andrew,

Nunavut – Community and Government Services for the above-mention file as well as several other municipal files.

Given the number and exchange of correspondence between the Minister of and/or GN-CGS and Aboriginal Affairs and Northern Development Canada (AANDC) surrounding the Direction issued, could you please provide some confirmation on whether the issues in question have been adequately addressed to AANDC's satisfaction, and as such, any further actions and initiatives imposed on GN-CGS by AANDC to address these issues are unlikely to be jeopardize by any potential decision by the Nunavut Water Board (NWB or Board) to issue a renewal licence to the hamlet.

Should you have any questions, please do contact me at your earliest convenience.

Regards,
Sean
