Re: **Licence No. 1AR-NAN0914, Type “A”; Nanisivik Mine Site Remediation Project Technical Meeting and Pre-Hearing Conference – Agenda and List of Confirmed Participants**

Dear Parties:

Please find attached a copy of the agenda for the Technical Meeting and Pre-Hearing Conference (TM-PHC) to be held, by way of Teleconference, on **June 18, 2014, 9:00 a.m. to 3:00 p.m., MST** (and June 19, 2014, 9:00 a.m. to 3:00 p.m., MST, if required), for the application submitted by Nyrstar Canada (Holdings) Ltd. on behalf of CanZinco Ltd. for the renewal – amendment of Licence 1AR-NAN0914. The telephone number and access code for the teleconference line are included on the agenda.

The final agenda took into consideration appropriate comments and recommendations provided by interested person; therefore, the Nunavut Water Board (NWB or Board) will adhere to the agenda and encourages participants to try to do same. The Board may, however, allow for some flexibility, as required, to ensure that adequate or complete representations are made in respect of the application at this stage of the Licensing Process. As indicated in previous correspondence, the Board has delegated the responsibilities to staff to hold the TM – PHC so the NWB’s Director of Technical Services will be chairing the meeting.

In terms of participation, the NWB has received confirmation, prior to distributing this correspondence, that the following organizations will be represented at the TM-PHC:

- Aboriginal Affairs and Northern Development Canada (AANDC)
- CanZinco Ltd. (the Applicant)
- Department of Fisheries and Ocean Canada (DFO)
- Department of Nation Defence (DND)

- Environment Canada (EC)
- Hamlet of Arctic Bay
- HTO

Participants should note that the TM is primarily aimed at providing an opportunity for the proponent, intervening parties, and the Board to discuss, in an open forum, issues identified up to or prior to the TM, including resolved and unresolved issues raised in during the initial technical assessment and technical review of the Application and subsequent follow-up submissions as filed with the Board. The PHC, on the other hand, is intended to address administrative, preliminary and procedural matters associated with facilitating any potential Public Hearing that the Board may schedule in respect of the application. In preparation for the TM-PHC, the NWB has made available, through the following link to its FTP site, copies of presentations received from intervening parties that have confirmed their participation and intention to make representation (username: public; password: registry):

To restate the above, the Technical Meeting and Pre-Hearing Conference for Licence 1AR-NAN0914 renewal-amendment application is scheduled for **June 18, 2014, 9:00 a.m. to 3:00 p.m., MST** (and June 19, 2014, 9:00 a.m. to 3:00 p.m., MST, if required). The Agenda, which includes access numbers for the teleconference is attached to this correspondence.

If you have any questions regarding procedural matters related to the file, please contact Phyllis Beaulieu, Manager of Licensing, by phone at (867) 360-6338 or by e-mail to licensing@nwb-oen.ca. For inquiries related to technical matters, please contact Sean Joseph, Technical Advisor, by email to sean.joseph@nwb-oen.ca or David Hohnstein, Director of Technical Services, by e-mail to david.hohnstein@nwb-oen.ca.

The NWB will distribute an Inuktitut version of this correspondence subsequently for the purpose of persons requiring the information in Inuktitut.

Yours truly,

Original Signed by:

Damien Côté
