Dear Richard Dwyer:

RE: 1AR-NAN1419 – Canzinc Mines Ltd. – Nanisivik Mine Project – Type A Water Licence Amendment and Renewal Application Technical Meeting and Pre-hearing Conference

Environment and Climate Change Canada (ECCC) has reviewed the information submitted to the Nunavut Water Board (NWB) regarding the above-mentioned application.

On August 16, 2019, ECCC requested clarification of the proponent's plans for monitoring frequency. The proponent's response provided the information we were seeking and we have no additional comments or questions. Therefore, **we do not wish to participate in the Technical Meeting on September 13, 2019.**

Please contact Emily Nichol at (867) 669-4732 or Emily.Nichol@Canada.ca if you require more information.

Sincerely,
