Attachments: DFO comments to NWB -Nanisivik Inuktitut.pdf

Hi Richard.

DFO would like to thank the NWB in considering its late filed submission for the Nanisivik Mine Project Type "A" Water License renewal and amendment. I apologize for any inconvenience it has caused.

Gary Cooper, Habitat Management Biologist with DFO, will attend the final public hearing on February 23 and 24 in Arctic Bay, will present DFO concerns, and will answer any questions related to DFO's mandate.

I have also attached DFO intervention comments translated in Inuktitut for submission.

Once again, I apologize for the late submission.

Thank you for your time.

Amy Liu

Subject: 1AR-NAN0208 DFO Intervention

Good morning;

Attached is a late filed submission, dated February 17, 2009, from the Department of Fisheries and Oceans Canada (DFO). Given the importance of the matter raised in DFO's submission to the Hearing scheduled in Arctic Bay for Monday, February 23, 2009, the Board is placing this letter on the Public Registry.

The Board requests the parties advise the Board in writing by Friday, February 20, 2009, of any concerns arising from the late filing of the DFO's submission.

As significant and important as this matter seems at this point to be, the Board further requests that the DFO attend the Hearing, to be available for questions, and to assist the Board with this matter. The Board notes that while teleconference would normally be an option, logistically this is not possible from this Hearing venue. The Board requests DFO contact Richard Dwyer, Licensing Administrator no later than Friday, February 20, 2009, to confirm attendance.

Richard Dwyer
