Re: Review of Exhibit No.4 from Nanisivik Public Hearing held on February 23, 2009

Dear Ms. Reinhart,

During the course of the February 23, 2009, Hearing for the Nanisivik Mine Type A Water Licence renewal, Canzinc Ltd. submitted the attached letter from Jacques Whitford Stantec regarding water quality monitoring (Exhibit 4 of the Hearing record). At the request of the parties present at the Hearing, the Nunavut Water Board (NWB or Board) left the Hearing record open solely to permit parties to comment on Exhibit 4, with a strict deadline for comments by interveners to be filed with the Board, attention Phyllis Beaulieu at licensing@nunavutwaterboard.org, by no later than Friday, February 27, 2009 at 3:00 p.m. MST, and by the Applicant by no later than Friday, March 6, 2009, at 3:00 p.m. MST.

As Exhibit 4 specifically addresses issues raised by the Government of Nunavut Department of the Environment (GN-DOE) in your written submission, the Canzinc Ltd. representatives attending the Hearing graciously confirmed with NWB legal counsel that the Applicant has no objection to the GN-DOE submitting comments on this document even though the GN-DOE did not participate in the Hearing. Accordingly the Board is providing this information to GN-DOE and extending the opportunity to provide a submission to the Board on Exhibit 4 in accordance with the directions sent out by the Board in the preceding paragraph.

Sincerely,

Thomas Kabloona,
Chairman
