Good morning Johanne, the Nunavut Water Board feels that it is very important to have DND represented in person at the public hearing scheduled for Arctic Bay. Please confirm attendance.

Regards,

Good afternoon Ms Beaulieu,

I have tried to reach you this morning in regards with the public hearing on October 8 and 9 for the Nanisivik Mine Site Reclamation Project.

First, thank you very much for the opportunities to comment on this project. I would like to mention that we don't have any additional comments than what was provided on September 17, 2014 for which CanZinco provided answers. Based on that, it was not my intention to present at the hearing and I do not feel that my presence is required. However, I can make myself available by phone if question arise in regards with our comments. However, if you feel that DND's presence is still required I will try to make arrangements for there to be a DND representative.

Regards
