Subject: Completion of review for 2003 Annual Report for Nanisivik Mine.

Dear Mr. Carreau,

The Nunavut Water Board has completed its review of the 2003 Annual Report for Nanisivik Mine as required per Part B, Item 6 of water licence NWB1NAN0208 (the "Licence"). The NWB distributed the report for review by Interested Parties. One submission, dated July 12, 2004, was submitted to the NWB by Indian and Northern Affairs Canada – Water Resources, Iqaluit. That submission can be obtained on the NWB's FTP site at: (insert link).

Concerns identified about the apparent high consumption of water reported upon in the 2003 Annual Report were addressed by CanZinco Limited in its 2<sup>nd</sup> Quarter Effluent Monitoring Report for 2004, dated July 23, 2004. The NWB has no further outstanding concerns regarding the results of the 2003 Annual Report and concludes its review. Should you have any questions regarding the aforementioned, please do not hesitate to contact me at your convenience.

Yours truly,
