Re: Part 2 of Renewal Application for Nanisivik- Abandonment and Restoration Plan

In my letter dated February 12, 2002, I indicated that the first part of the renewal application from Nanisivik Mine for Closure and Reclamation was available on our ftp site.

The **second part** of the application, which is the Abandonment and Restoration Plan, is now also available through the internet on our ftp site at <ftp://ftp.nwb.yk.com> in the folder "NWB1NAN9702", subfolder "Renewal 2002" and sub-sub folder "A&R". Please note that the A&R Plan contains different volumes (Volume 1, and Volume 2a,b,c,d,e,and f) and some of the volumes have also been broken down so that they are of a size that could be transmitted electronically.

As there are many items to download, and as our ftp site might not work if too many people are trying to download at once, we appreciate your patience. Please let us know if you are experiencing continued difficulties.

This application is currently being reviewed by the Nunavut Planning Commission (NPC) for conformity with the appropriate land-use plan; this review is expected to be completed by Monday, March 11th. The application will then be screened by the Nunavut Impact Review Board.

You will receive further notification with regards to the procedures and timelines with regards to this application at a later date.

Sincerely,
