

CURRICULUM VITAE

MILTON TENENBEIN, M.D., FRCPC, FAAP, FAACT, FACMT

PERSONAL INFORMATION:

Work Address: Emergency Services
Children's Hospital
840 Sherbrook Street
Winnipeg, Manitoba R3A 1S1
Phone: (204) 787-3445
FAX: (204) 787-4807
Email: mtenenbein@hsc.mb.ca

Home Address: 526 Kelvin Blvd
Winnipeg, MB
R3P OJ5

Date of Birth: July 7, 1949

Birthplace: Winnipeg, Manitoba

Family: Wife: Brenda
Children: Burton Marshall
Paul Rachel

CURRENT POSITIONS HELD:

Academic Appointments:

Professor of Pediatrics, Pharmacology and Therapeutics, Medicine
and Community Health Sciences, University of Manitoba

Hospital Appointments

Director, Emergency Services, Children's Hospital, Winnipeg
Director, Manitoba Poison Control Centre

EDUCATION AND TRAINING:

Pre-Medical Education

1967-1969 University of Manitoba, Faculty of Science

Undergraduate Education

1969-1973 University of Manitoba, Faculty of Medicine

Postgraduate Education

1973-1974 Pediatric Intern, Children's Hospital (Winnipeg)
University of Manitoba

1974-1975 Senior Pediatric Resident, Children's Hospital (Winnipeg)
University of Manitoba

1975-1976 Associate Pediatric Resident, I.W.K. Hospital for Children (Halifax)
Dalhousie University

1976-1977 Chief Pediatric Resident, Children's Hospital (Winnipeg)
University of Manitoba

Degrees and Licenses:

1973 M.D., University of Manitoba

1974 L.M.C.C.

1977 Medical License, Province of Manitoba (10-977)

Specialist Certification

1978 Pediatrics, Royal College of Physicians and Surgeons of Canada

1982 Toxicology, American Board of Medical Toxicology

ACADEMIC APPOINTMENTS

1992-present Professor of Pediatrics, University of Manitoba

1985-1992 Associate Professor, Pediatrics, University of Manitoba

1977-1985 Assistant Professor, Pediatrics, University of Manitoba

1992-present Professor, Community Health Sciences, University of Manitoba

1985-1992 Associate Professor, Community Health Sciences, University of
Manitoba

1992-present Professor, Department of Pharmacology and Therapeutics
University of Manitoba

1987-1992 Associate Professor, Department of Pharmacology and
Therapeutics, University of Manitoba

1992-present Professor, Department of Medicine, University of Manitoba

1989-1992 Associate Professor, Department of Medicine, University of
Manitoba

HOSPITAL AND FACULTY APPOINTMENTS

1977-present	Director, Emergency Services, Children's Hospital, Winnipeg
1979-present	Director, Manitoba Poison Control Centre
1977-present	Member, Section of Ambulatory and Community Pediatrics, Children's Hospital. Winnipeg
1981-1992	Member, Section of Child Psychiatry, Children's Hospital, Winnipeg
1977-present	Active staff, Children's Hospital, Winnipeg
1977-present	Head, Section of Emergency Services, Children's Hospital
1977-present	Chairman, Emergency Management Committee, Children's Hospital
1988-1999	Chairman, Standards Committee, Department of Pediatrics and Child Health
1993-1994	Member, Medical Staff Executive, Health Sciences Centre
1988-1999	Member, Standards Committee, Health Sciences Centre
1997-1999	Chair, Standards Committee, Health Sciences Centre
1985 - present	Member Pharmacy Committee, Children's Hospital
1995 –1997	Member, Library Committee, Faculty of Medicine
1997-present	Chair, Library Committee, Faculty of Medicine

EXTERNAL APPOINTMENTS:

1983-1986	Chair, Section of Pediatrics, Canadian Association of Emergency Physicians
1983-2001	Member, Medical Advisory Committee, Winnipeg Ambulance Service
1985-1996	Toxicology Consultant, Workers Compensation Board of Manitoba
1986-1990	Examiner, Speciality Certification in Emergency Medicine, Royal College of Physicians and Surgeons of Canada

1986-1990	Chair, City of Winnipeg Emergency Directors Committee
1988-1999	Member, Pediatric Death Review Committee, College of Physicians and Surgeons of Manitoba
1997-1999	Chair, Pediatric Death Review Committee, College of Physicians and Surgeons of Manitoba
1994-1998	Councillor, College of Physicians and Surgeons of Manitoba
1999-2002	Chair, Standards Committee, Winnipeg Regional Health Authority
2001-present	Speciality Committee, Pediatric Emergency Medicine, Royal College of Physicians and Surgeons of Canada

SOCIETIES

Royal College of Physicians and Surgeons of Canada (Fellow)

Canadian Paediatric Society

Member, Section of Emergency Medicine
 Member, Injury Prevention Committee (1984 –present)
 Chair, Injury Prevention Committee (1990-1996)
 Member Board of Directors (1997-2002)

American Academy of Pediatrics (Fellow)

Member, Section of Emergency Medicine
 Executive Committee, Section of Emergency Medicine (1990-6)
 Member, Committee on Substance Abuse (1990-1996)
 Member, Committee on Injury and Poison Prevention (1998-2004)

College of Physicians and Surgeons of Manitoba

Canadian Medical Association

Manitoba Medical Association

American Association of Poison Control Centers

American Academy of Clinical Toxicology (Fellow)

Membership in various standing committees
 Member Board of Trustees (1990-2004)
 President-elect (1998-2000)
 President (2000-2002)
 Past-President (2002-2004)

American Board of Medical Toxicology

SOCIETIES (cont'd)**American College of Medical Toxicology (Fellow)**

1982-present	Canadian Association of Poison Control Centres
1982-1989	Vice President
1989-1998	President

World Federation of Associations of Clinical Toxicology Centres and Poison Control Centres

1989-1998	Canadian Delegate
1992-1997	Bureau Executive Member
1994-1998	Treasurer

EDITORIAL BOARDS

Journal of Toxicology and Clinical Toxicology, Senior Editorial Board, Marcel Dekker, New York, NY

Pediatric Emergency Care, Senior Editorial Board, William and Wilkins, Baltimore, MD

Pediatrics, American Academy of Pediatrics, Elk Grove Village, IL

Clinical Pediatric Emergency Medicine, W.B. Saunders, Philadelphia, PA

Pediatric Trauma and Acute Care, Riverpress, Jersey City, NJ

Pediatric Therapeutics and Toxicology, Riverpress, Jersey City, NJ

Poisindex, Micromedex, Denver, CD

Pediatric Emergency Medicine Reports, American Medical Health Consultants, Atlanta, GA

Journal of Pediatric Pharmacology and Therapeutics

Toxifile, Chicago Micro Corporation, Chicago, IL (1984-1987)

JOURNAL REVIEWER

Journal of Toxicology Clinical Toxicology

Annals of Emergency Medicine

Journal of Emergency Medicine

GRANTS

- 1) Efficacy of induced emesis, gastric lavage and activated charcoal for drug overdose. Children's Hospital Research Foundation, April 1984; \$4,500.00.
- 2) Whole bowel irrigation as a decontamination procedure after acute drug overdose. Children's Hospital of Winnipeg Research Foundation October 1984; \$5,000.00.
- 3) Multiple dose charcoal for salicylate poisoning. Children's Hospital of Winnipeg Research Foundation October 1985; \$2,500.00.
- 4) Whole bowel irrigation after the ingestion of delayed release pharmaceuticals. Children's Hospital of Winnipeg Research Foundation October 1986; \$9,000.00.
- 5) Whole bowel irrigation after the ingestion of delayed release pharmaceuticals. Reed and Carnrick, Inc. October 1987; \$3,750.00.
- 6) Iron excretion after deferoxamine challenge. Children's Hospital of Winnipeg Research Foundation October 1988; \$6,264.00.
- 7) Development of a serum ferrioxamine assay. Children's Hospital of Winnipeg Research Foundation October 1988 \$6,264.00.
- 8) Whole bowel irrigation and multiple dose charcoal as accelerators of clearance of poison from the body. Children's Hospital of Winnipeg Research Foundation October 1989; \$9,900.00.
- 9) Intravenous magnesium vs aminophylline for the treatment of acute asthma attacks in children. Children's Hospital of Winnipeg Research Foundation October 1989; \$9,800.00.
- 10) Ultrasound and the identification of swallowed tablets. Children's Hospital of Winnipeg Research Foundation April 1991; \$9,900.00.
- 11) Effectiveness of Activated Charcoal. Children's Hospitals Foundation 1997; \$13,460.00.
- 12) Gastric Lavage for Liquid Poisons. Children's Hospital Foundation, 1997; \$5,000.00.
- 13) Pediatric Acute Abdominal Pain Analgesic Study. Children's Hospital Foundation, 1999; \$5,000.00.
- 14) Assessment of Pediatric Pain Scales. Children's Hospital Foundation, 2000; \$5,000.00.

- 15) Effect of Anticholinergic Drugs with Efficacy of Activated Charcoal. Children's Hospital Foundation, 2000; \$10,730.00 (with Daniel Sitar, Ph.D.).
- 16) Effect of Food on the efficacy of activated charcoal. Children's Hospital Foundation, 2000; \$11,230.00.

AWARDS AND RECOGNITIONS

- 1) Wenger Family Visiting Professor to Technion University, Haifa, Israel, 1990.
- 2) American Association of Poison Control Centers/Micromedex Award for "outstanding Research in the Field of Toxicology," 1991.
- 3) Fire Prevention Canada Award for "Commitment and Dedication for a Safer Community," 1995.
- 4) Children's Hospital Research Foundation of Winnipeg "Teddy Award" for Career Research, 1996.
- 5) Helen DeRoy Visiting Professor, Wayne State University, Detroit, Michigan, 1996.
- 6) Manitoba Medical Association Health and Safety Promotion Award, 1997.
- 7) Ray Kroc Visiting Professor, Haddassah Hospital, Jerusalem, November, 1998.
- 8) William C. Griffith Visiting Professor < Riley Hospital for Children, Indianapolis IN, May, 2002.

ABSTRACTS

- 1) Tenenbein M: Toxic encephalopathy due to insect repellent ingestion. Vet and Human Toxicol 1981;23 (Suppl):61. Presented at the American Academy of Clinical Toxicology Meeting, Salt Lake City, Utah 1981.
- 2) Tenenbein M, Dean HJ: Benign course after massive ingestion of levothyroxine. Vet and Human Toxicol 1981;23(Suppl);50. Annual Meeting, Salt Lake City, Utah, 1981.
- 3) Tenenbein M, Berry M: The Manitoba drug caution program. Proceedings at the NPCN Annual Scientific Meeting, 1981. Presented at the National Poison Centre Network Annual Meeting, Pittsburgh, Pennsylvania, 1981.

- 4) Tenenbein M: Mercury Poisoning due to fungicide ingestion. Vet and Human Toxicol 1982. Presented at the American Association of Poison Control Centres annual Meeting,
- 5) Tenenbein M: Two interesting button battery ingestions. Vet and Human Toxicol 1983;25:281. Presented at the American Academy of Clinical Toxicology Annual Meeting, Boston, Mass 1983.
- 6) Tenenbein M: Peripheral neuropathy secondary to chronic volatile hydrocarbon abuse Vet and Human Toxicol 1983;25:281-282. Presented at the American Academy of Clinical Toxicology Annual Meeting, Boston, Mass 1983.
- 7) Greenberg CR, Evans JAE, deSa DJ, Teennbein M: There is a fetal gasoline syndrome. Proc Greenwood Genetic Centre 1984; 3:106. Presented at the David Smith Malformation and Morphogenesis Conference, Vancouver, B.C., 1983.
- 8) Tenenbein M: Continuous naloxone infusion for narcotic poisoning in infancy. Ann Emerg Med 1983;12:137. Presented at the Scientific Assembly of the American College of Emergency Physicians, Atlanta, Georgia, 1983.
- 9) de Sa DJ, Evans JAE, Greenberg CR, Tenenbein M: Fetal gasoline syndrome. Presented at the Pediatric Pathology Club, Cincinnati, Ohio, 1983.
- 10) Tenenbein M: Whole bowel irrigation for toxic ingestions, J Toxicol Clin Toxicol 1985;23:432-433. Presented at the International Congress of the European Association of Poison Control Centers, Stockholm, Sweden, 1984.
- 11) Tenenbein M: Hypersensitivity-like reactions to intravenous N-acetylcysteine. Vet and Human Toxicol 1984;26:401. Presented at the American Association of Poison Control Centers Annual Meeting, San Diego, CA 1984.
- 12) Tenenbein M: Severe cardiac dysrhythmia from barium acetate ingestion. Vet and Human Toxicol 1984;26:414. Presented at the American Association of Poison Control Centers Annual Meeting, San Diego, CA 1984.
- 13) Tenenbein M, Cohen S, Sitar DS: Efficacy of ipecac induced emesis, orogastric lavage and activated charcoal for acute drug overdose Vet and Human Toxicol 1985;27:321. Presented at the American Academy of Clinical Toxicology Annual Meeting, Kansas City, Missouri, 1985.
- 14) Tenenbein M, Cohen S, Sitar DS: Whole bowel irrigation as a decontamination procedure after acute drug overdose. Vet and Human Toxicol 1985;27:321-322. Presented at the American Academy of Clinical Toxicology Annual Meeting, Kansas City, Missouri, 1985.
- 15) Tenenbein M, Dean HJ: Benign course in nine children after massive levothyroxine ingestion. Proc III World Congress of the World Federation of

- Associations of Clin Toxicol and Poison Control Centres 1986;024. Presented at III World Congress, Brussels, Belgium, August 1986.
- 16) Tenenbein M, Kopelow ML, deSa DJ: Myocardial failure secondary to acute iron poisoning. *Vet and Human Toxicol* 1986;28:491. Presented at the American Association of Poison Control Centers Annual Meeting, Santa Fe, New Mexico, September 1986.
 - 17) Tenenbein M: Whole bowel irrigation for iron ingestion. *Vet and Human Toxicol* 1986;28:495. Presented at the American Association of Poison Control Centers Annual Meeting, Santa Fe, New Mexico, September 1986.
 - 18) Tenenbein M, Dean HJ: Benign course in nine children after massive levothyroxine ingestion. *Vet and Human Toxicol* 1987;29 (Suppl2):25. Presented at the III World Congress of the World Federation of Associations of Clinical Toxicology and Poison Control Centres, Brussels, Belgium, August 1986.
 - 19) Tenenbein M, Israels S: Coagulopathy in severe iron poisoning. *Vet Human Toxicol* 1987;29:482-483. Presented at the American Academy of Clinical Toxicology Annual Meeting, Vancouver, British Columbia, October 1987.
 - 20) Tenenbein M, Kopelow ML: Duration of the pediatric emergency department visit – a computer based analysis. *Pediatric Emerg Care* 1987;3:292-293. Presented at the American Academy of Pediatrics Section of emergency Medicine Annual Scientific meeting, New Orleans, LA, November 1987.
 - 21) Kirshenbaum LA, Sitar DS, Mathews S, Tenenbein M: Efficacy of gastrointestinal decontamination procedures on the kinetic disposition of enteric-coated salicylate. *Clin and Investigative Medicine* 1988;11:C17. Presented at the Canadian Society for Clinical Investigation Annual Meeting, Ottawa, September 1988.
 - 22) Tenenbein M, Kaylar D, Black B, Reed M: The toddlers fracture revisited. *Ped Emerg Care* 1988;185. Presented at the Second International Conference on Emergency Medicine Annual Scientific Meeting, San Francisco CA, October 1988.
 - 23) Tenenbein M, Sitar DS: Studies with whole bowel irrigation for poisoning patients. *Proceedings of the Second International Conference on Emergency Medicine* 1988;185. Presented at the Second International conference on Emergency Medicine, Brisbane, Australia, October 1988,.
 - 24) Tenenbein M, Yatscoff RW: An objective criterion for the duration of deferoxamine therapy in the acutely iron poisoned patient. *Vet Human Toxicol* 1988;30:370. Presented at the American Association of Poison Control Centers Annual Scientific meeting, Baltimore, Maryland, October 1988.
 - 25) Tenenbein M, Kirshenbaum LA, Mathews SC, Sitar DS: Whole bowel irrigation vs activated charcoal/sorbitol for the ingestion of delayed release

- pharmaceuticals. Vet Human Toxicol 1988;30:353. Presented at the American Association of Poison Control Centers Annual Scientific Meeting, Baltimore, Maryland, October, 1988.
- 26) Tenenbein M, Kirshenbaum LA, Sitar DS: Multiple-dose charcoal for salicylate poisoning. Ann Emerg Med 1989;18:444. Presented at the Society of Academic Emergency Medicine, San Diego, California, May, 1989.
- 27) Wayne EA, Dean HJ, Tenenbein M: Focal seizures in children with diabetes. Clin Invest Med 1989;12:A42. Presented at the Canadian Pediatric Society, Halifax, Nova Scotia, June 1989.
- 28) Tenenbein M, Reed MH, Black B: The toddlers fracture vs child abuse. Clin Invest Med 1989;12:A31. Presented at the Canadian Pediatric Society, Halifax, Nova Scotia, June 1989.
- 29) Tenenbein M: Does lead poisoning occur in Canadian children? Clin Invest Med 1989;12:A32. Presented at the Canadian Pediatric Society, Halifax, Nova Scotia, June 1989.
- 30) Palatnick W, Honcharik N, Roberts D, Tenenbein M: Coma, anion gap, and metabolic derangements associated with massive valproic acid overdose. Vet Human Toxicol 1989;31:368. Presented at the American Academy of Clinical Toxicology Annual Scientific Meeting, Atlanta Georgia, October 1989.
- 31) Palatnick W, Meatherall RC, Tenenbein M: Clinical spectrum of sulfonylurea ingestion and experience with diazoxide therapy. Vet Human Toxicol 1989;31:365. Presented at the American Academy of Clinical Toxicology Annual Scientific Meeting, Atlanta, Georgia, October 1989.
- 32) Tenenbein M, Yassi A, Stanwick R: Three industrial lead poisoning incidents. Vet Human Toxicol 1989;31:355. Presented at the American Academy of Clinical Toxicology Annual Scientific meeting. Atlanta, Georgia, October 1989.
- 33) Tenenbein M: Iron overdose during pregnancy. Vet Human Toxicol 1989;31:346. Presented at the American Academy of Clinical Toxicology Annual Scientific meeting, Atlanta, Georgia, October 1989.
- 34) Tenenbein M, Yatscoff RW: Total iron binding capacity (TIBC) in iron poisoning: Who needs it? Vet Human Toxicol 1989;31:343. Presented at the American Academy of Clinical Toxicology Annual Scientific Meeting, Atlanta, Georgia, October 1989.
- 35) Tenenbein M: Gastrointestinal pathology in adult iron overdose. Vet Human Toxicol 1989;31:343. Presented at the American Academy of Clinical Toxicology Annual Scientific Meeting, Atlanta, Georgia, October 1989.
- 36) Tenenbein M, Sitar DS, Kirshenbaum L: Does multiple dose charcoal enhance salicylate excretion? Vet Human Toxicol 1989;31:335. Presented at the

American Academy of Clinical Toxicology Annual Scientific Meeting, Atlanta, Georgia, October 1989.

- 37) Tenenbein M, Honcharik N, Roberts D, Sitar DS: Pharmacokinetics of massive diltiazem overdose and effects of multiple dose charcoal therapy. *Vet Human Toxicol* 1989;31:335. Presented at the American Academy of Clinical Toxicology Annual Scientific Meeting, Atlanta, Georgia, October 1989.
- 38) Tenenbein M, Sitar DS: Studies with whole bowel irrigation for poisoning patients. *Proc International Congress on Clin Toxicol, Poison Control and Analytical Toxicology* 1990;165. Presented at LUX TOX'90, Luxembourg, May 1990.
- 39) Tenenbein M: Treatment of iron poisoning with consecutive gastrotomy and whole bowel irrigation. *Proc International Congress on Clinical Toxicology, Poison Control and Analytical Toxicology* 1990; 496. Presented at LUX TOX'90, Luxembourg, May 1990.
- 40) Tenenbein M, Sitar DS, Kirshenbaum LA: Treatment of overdose with whole bowel irrigation and activated charcoal. *Proc International Congress on Clinical Toxicology, Poison Control and Analytical Toxicology* 1990; 514. Presented at LUX TOX'90, Luxembourg, May 1990.
- 41) Yassi A, Cheang M, Bawden G, Tenenbein M, Redekop T, Spiegel J: Assessing the effectiveness of government regulations on occupational lead poisoning in Manitoba utilizing a blood lead data bank. *Proc 23rd International Congress on Occupational Health* 1990; 554. Presented, Montreal, September 1990.
- 42) Tenenbein M, Pillay N: Evoked potentials in clinically normal inhalant abusing adolescents. *Vet Human Toxicol* 1990; 32:343. Presented at the American Association of Poison Control Centers Annual Scientific Meeting, Tucson, Arizona, September 1990.
- 43) Tenenbein M, Kowalski S, Roberts D: Pulmonary toxicity in iron poisoning: Deferoxamine induced? *Vet Human Toxicol* 1990; 32:349. Presented at the American Association of Poison Control Centers Annual Scientific Meeting, Tucson, Arizona, September 1990.
- 44) Tenenbein M: Seizures after lindane therapy in adults. *Vet Human Toxicol* 1990; 32:349. Presented at the American Association of Poison Control Centers Annual Scientific Meeting, Tucson, Arizona, September 1990.
- 45) Tenenbein M, Mayer AL, Sitar DS: Oral multiple dose charcoal and whole bowel irrigation do not increase the clearance of previously absorbed salicylate. *Clin Invest Med* 1991; 14:A19. Presented at the Canadian Society of Clinical Pharmacology Annual Meeting, Quebec City, Quebec September 1991.

- 46) Sienko A, Adamson I, Tenenbein M, Bowden D: High dose deferoxamine therapy and lung injury. Proceedings of the XVI World Congress of Anatomic and Clinical Pathology; 1991:8. Presented, Vancouver, B.C., June 1991.
- 47) Palatnick W, Sitar DS, Tenenbein M: Methanol half-life during ethanol administration. Vet and Human Toxicol 1991; 33:369. Presented at the American Academy of Clinical Toxicology Annual Scientific Meeting, Toronto, Ontario, October 1991.
- 48) Tenenbein M, Sitar DS, Meyer L: Does multiple dose charcoal therapy or whole bowel irrigation increase the clearance of previously absorbed salicylate? Vet and Human Toxicol 1991; 33:368. Presented at the American Academy of Clinical Toxicology Annual Scientific Meeting, Toronto, Ontario, October 1991.
- 49) Pillay N, Tenenbein M. Abnormal evoked potentials in clinically normal volatile substance abusing adolescents. Canad J Neurol Sci 1992; 19:305. Presented at the Canadian Congress of Neurological Sciences, Winnipeg, Manitoba, June 1992.
- 50) Palatnick W, Tenenbein M: Leukocytosis, hyperglycemia, vomiting and positive x-rays are not markers for iron >300 ug/dl in adult iron overdose. Vet Human Toxicol 1992; 34:330. Presented at the American Association of Poison Control Centers Annual Scientific Meeting, Tampa, Florida, September 1992.
- 51) Saincher A, Swirsky N, Tenenbein M: Survival after cyanide overdose with fatal levels treated only with supportive care. Vet Human Toxicol 1992;34:338. Presented at the American Association of Poison Control Centers Annual Scientific Meeting, Tampa, Florida, September 1992.
- 52) Tenenbein M, Adamson IYR: Lung injury from prolonged deferoxamine administration in iron poisoning, a mouse model. Vet Human Toxicol 1992;34:344. Presented at the American Association of Poison Control Centers Annual Scientific Meeting, Tampa, Florida, September, 1992.
- 53) Tenenbein M: Neonatal abstinence syndrome due to maternal inhalant abuse. Pediatric Res 1993;33:70A. Presented at the Society for Pediatric Research Annual Meeting, Washington, DC, May 1993. May 1993.
- 54) Tenenbein M: Pulmonary Toxicity of Desferrioxamine. Proc Europ Assoc Pois Centres and Clinical Toxicologists. Presented at Europ Assoc of Clin Toxicol Scientific Meeting, Birmingham, UK, May 1993.
- 55) Saincher A, Sitar D, Tenenbein M: Efficacy of ipecac during the first hour after drug ingestion. Vet Human Toxicol 1993;35:325. Presented at the International Congress of Clinical Toxicology, New York, NY, September, 1993.
- 56) Palatnick W, Rowe B, Bell D, Tenenbein M: Diabetic ketoacidosis associated with lithium intoxication. Vet Human Toxicol 1993;35:339. Presented at the International Congress of Clinical Toxicology, New York, NY, September, 1993.

- 57) Tenenbein M: Neonatal withdrawal from volatile substance abuse. *Vet Human Toxicol* 1993;35:366. Presented at the International Congress of Clinical Toxicology, New York, NY, September, 1993.
